WELCOME!!

The doctors and staff at our office feel that a phone call to us is an expression of confidence, and we want you to know we recognize the responsibility we have for maintaining that confidence.

Our goal is to make regular dental care a pleasant and comfortable experience for you. We use the latest in modern dental techniques plus gentle anesthesia and plenty of tender loving care.

We have a beautiful, modern, private office that utilizes the very latest state of the art equipment and technology. Our entire staff is dedicated to individualized quality care and oriented towards prevention of dental problems. Your comfort and appearance are our shared concerns.

We strictly adhere to the infection control guidelines recommended by the American Dental Association and the Centers for Disease Control. These measures eliminate the risk of cross contamination from dentist to patient and patient to patient. We heat sterilize our instruments and hand pieces in the autoclave after each patient's visit. When you come to this office you can be assured that your overall health and well being are our top priority.

If you, your family, or friends have any questions, we are available six days a week, including Monday and Wednesday evenings.

We look forward to meeting you!

Sincerely,

Glen R. Kreitzberg, D.D.S., M.A.G.D.
Dustin H. Kreitzberg, D.D.S.
